### APB Project Update:

We have been sharing the need to replace the Heating and Air Conditioning systems in the All Purpose Building. The project is estimated to be about \$50,000.00. To date, \$16,000 has come in for the project through the Birthday Gift for Jesus offerings. We greatly appreciate all the financial support. As you can see, additional funds are needed before we can begin the replacement of these systems. We ask for your continued support. You can do so by placing your financial gift in an envelope and placing it in the offering plate, you can send your check by mail, or you may give online. Be sure to mark on your payment "APB".

Groundhog Day on February 2 is when we ask; are we in for six more weeks of Winter? Only a groundhog named Punxsutawney Phil knows for sure. Each year on Groundhog Day, people flock to Gobbler's Knob in Punxsutawney, Pennsylvania, to await the forecast of the local rodent celebrity. Originating with German settlers, who came to Pennsylvania in the 1700s and brought their seasonal superstitions with them, legend has it that if Phil sees his shadow on February 2, the winter chill will continue. Oddly, if the weather is cloudy and he doesn't see his shadow, we can expect warmer temperatures and early spring
